About Snow Lake Resources Ltd.

Snow Lake Lithium is committed to creating and operating a fully renewable and sustainable lithium mine that can deliver a completely traceable, carbon neutral and zero harm product to the North American electric vehicle and battery markets.

Our wholly owned Thompson Brothers Lithium Project now covers a 55,318-acre site that has only been 1% explored and contains an identified-to-date 11.1 million metric tonnes indicated and inferred resource at 1% Li₂O. Snow Lake Lithium is expected to produce 160,000 tonnes of 6% lithium spodumene a year over a 10-year period, enough to power 5 million electric vehicles.
